

3 C's of the Twelve Core Functions

October 18, 2011

Location: Springfield College School of Human Services in St. Johnsbury: 8 am - 4 pm

Target Audience: Substance Abuse Counselors, Mental Health and Behavioral Health Clinicians, Social Workers and Case Workers

Presenter: Debra Brown holds a Master of Science degree in Community Counseling and Psychology from Springfield College School of Human Services. She is a Licensed Alcohol and Drug Counselor with over 20 years in Human Service work, with a primary emphasis on substance abuse. Her professional experience includes counseling, case management, higher education instruction and over a decade of work within the correctional system. Throughout her career she has advocated for ways to have better consultation, collaboration and case planning between providers and partners to ensure optimal client/patient care .

Goal: Preventing relapse by using the 3 C's: Collaboration, Consultation and Case planning.

Program Objectives:

Upon completion of this continuing education program, participants will be able to:

- ✦ Understand the importance of the 3 C's and the connection to relapse prevention
- ✦ Describe the warning signs, risk factors and red flags of the relapse process
- ✦ Incorporate the 3 C's into daily practice
- ✦ Discuss the ethical issues of the 3 C's
- ✦ Reduce client/patient relapse

Continuing Education Credits: 6.0 continuing education credits available, included in fee.

Northeastern Vermont Area Health Education Center (AHEC) has planned and implemented this education activity in accordance with the guidelines established by health profession organizations. Pre-approval of credits is being requested from:
